

MONOGRAM SYSTEMS

MONOGRAM SYSTEMS TO SUPPLY COMAC WITH WATER AND WASTE SYSTEMS ON NEW C919 PROGRAM

CARSON, California, 23 July 2010 – Monogram Systems, a subsidiary of Zodiac Aerospace, announced that they are to provide their water and waste systems for the C919 aircraft, the new passenger trunk liner in development by Commercial Aircraft Corporation of China, Ltd. (COMAC).

Representatives of Monogram Systems and COMAC met June 28, 2010 in Shanghai to sign the Letter of Intent to move forward on the development of the water and waste system.

“We are confident that by providing our industry-leading water and waste systems with the efficiency of the C919, it would be a natural fit. It is an honor to be selected to work with COMAC again on their new endeavor, and to continue our relationship with China,” said Steve Zimmerman, President of Monogram Systems.

About Monogram Systems

Monogram Systems, headquartered in Carson, California, USA, is the leading global supplier of business, commuter, and commercial aircraft water and waste systems and galley inserts equipment. Monogram sets the standard for cost effective solutions for its products ranging from vacuum waste systems to potable water systems and galley inserts comprised of trash compactors, beverage makers, coolers, convection and microwave ovens.
